

Rylan's Road

Run 4 Rylan 5K

*Run/Walk, 1 Mile Family Fun Walk, 1/2 Mile Kids Races
Luncheon with Silent & Live Auctions*

Rylan's Road is in need of sponsors and donations for silent and live auction items to support Run 4 Rylan 5K and luncheon held April 30, 2011 at the Springville Community Park and Old Gym. All money raised at the events will go toward Rylan's current and future medical expenses. We greatly appreciate any and all donations.

Rylan Sheeley, 6 years old from Bloomington, IN endured several tests and hospitalizations after he began having seizures in June 2010. He was diagnosed in October with Rasmussen's Encephalitis (RE) after surgery to remove the left frontal lobe of his brain. RE is a rare progressive neurological disorder and is characterized by frequent and severe seizures, loss of motor skills and speech, paralysis on one side of the body, dementia, and mental deterioration. At this time there is only about 300-500 diagnosed cases noted in the world. Rylan is facing a complete left hemisphere removal within the next few months, as of now the surgery will take place at the Cleveland Clinic Children's Hospital.

Please visit our website, sites.google.com/site/rylansroad/home, for more information on Rylan, Rasmussen's Encephalitis and our events.

You may contact us at (812) 583-2033, mdsm929@att.net or (317)670-0561, dnbiu02@sbcglobal.net

Donations can be mailed to:
