

CHOOSE YOUR OWN SNOW DAY LEARNING ADVENTURE

3-6 Self Contained Classrooms
THURSDAY, FEBRUARY 18, 2021

READING/ELA

- Write down/draw pictures of some fun things you have done while we have been home on these snow days. Try to use some of your sight words, and remember your punctuation.

--Hide one of your toys in the house. Write clues for someone to see if they can find your hidden toy. Ask someone to hide it in another place and give you written clues. See if you can find where they hid it.

-Help sort the laundry. Describe why you sorted the items in that way.

MATH

-Find different objects at home to trace; use these shapes to make a snow scene (don't forget the snowman, birds, deer, trees, etc.) Draw mittens on a piece of paper. Draw at least 12, and count and write the numbers inside them 1-12. Use a dice (borrow one from a game). Roll the dice, add the numbers, and color the mitten that matches the number. You may have to use one die for lower numbers. Make them colorful!! Make a clock using a paper plate, scrap piece of paper, etc. Use the clock to plan a snow day schedule. Write down your plans for the day, and then write a digital time you will do each activity (i.e breakfast at 9:00, shovel at 10:00, build a snowman at 11:00, etc.)

JUST FOR FUN

- Art Activity: Trace different sized overlapping circles or other shapes using found objects around your house, fill them in with black and white or color.

-Put on your favorite song and dance!

-Music Activity: Play Limbo! Two people hold either a stick or another object that can act as a limbo stick (broom etc.) at chest height. Each person will take turns going under the stick without touching the stick, bending their knees and leaning as far back as necessary. After every person has had a turn move the limbo stick down a little. If your hands touch the stick or you fall on the floor your turn is over. If you have more than one person you can have a friendly competition to see who can play Limbo the longest! If you have a way to play recorded music you can play a song while playing Limbo!
