

Needmore Car Rider Procedures-Afternoon Dismissal

Needmore Car Rider Information- [Afternoon Dismissal](#)

- Afternoon dismissal: Parent pick up in lane #1 and lane #2 starts at 2:45. Cars will pull into lane #1 and lane #2 by first filling up lane #1. Staff will monitor students loading into the first five cars in each lane. Once loaded, those ten vehicles will exit, starting with lane #1 and then lane #2, upon a staff member's signal. The next ten cars will then pull forward into lane 1 and 2 upon staff signal and the loading process will be continued. Please display the school issued hang tag on your rear view mirror that shows your child's last name. This will help staff learn which students should load in which vehicles. Car rider families can sign up for their hang tag on our Needmore website.
